

My CCSP journey

1. I completed CISSP certification one year ago.
2. Started reading CCSP Study guide. I really feel boring when I read any CCSP book.
3. Referred to CSA Guide, OWASP.
4. Attended Mr.Naresh Training, I really like the training it fills the GAP between my CISSP knowledge and required knowledge for CCSP.
5. Completed CCSP Test bank (New book)
6. Mr.Naresh training and Test bank complements each other for me.
7. Started reviewing Mr.Naresh material again and again.
8. Review session before exam by Mr.Naresh helps me recall some topics.
9. Registered for exam and attended. PASS
10. All domains are equal important. Many questions based on real life experience. You may expect questions like if you are security manager for ABC company, If you are CSP providing service to public...
11. Topics to concentrate Cryptography in cloud, BCDR, OWSAP, International Laws
12. Totally its took 2 months

Good Luck.
